

PUBLIC HEARING NOTICE

Wildcat Transit Service Reduction

Due to UNH budget reductions and the conclusion of NHDOT supplemental construction mitigation funding provided by the Little Bay Bridge project, Wildcat Transit will be making service reductions on all routes effective with the planned restart of service for the 2020-21 academic year in late August. Wildcat Transit will reduce service frequencies during both full service (including weekends) and reduced service periods. Visit our website at www.unh.edu/transportation for schedule details.

A public hearing, via Zoom, is scheduled to receive rider feedback on the anticipated service reductions:
