RE: Rockingham MPO 2021 TIP Administrative Modification Amendments (NHDOT Minor Revisions – February 2023)

Dear Bill:

We have received the above-referenced requests to revise four (4) projects in the Rockingham MPO FY 2021 Transportation Improvement Program under our Administrative Modifications procedures. The modifications proposed are summarized in the table on page two of this letter and are more fully described in the “2021 TIP Minor Revision Report” for January 2023 which is attached. We concur that these projects changes are eligible for amendment through the Administrative Modification process.

Our TIP Amendment procedures (Section 6.5, MPO Prospectus) allow such modifications by action of the Executive Director provided that no exceptions are raised by MPO members. MPO TAC and Policy members were notified by email of the proposed modifications on February 22, 2023 and asked to respond with any comment by close of business on February 23, 2023. As of that date I received no requests from MPO members that the changes be handled as a full amendment.

It was determined through Interagency Consultation (IAC) that the revisions do not impact the air quality conformity determination or change the financial constraint of the STIP. Based on this information the administrative modifications are approved. By copy of this letter, I am informing the New Hampshire office of the FHWA, Region 1 of FTA and NHDES – Air Resources Division of this action. Please contact me should you have any questions about our actions.

Sincerely,

Tim Roache
Executive Director

Leah Sirmin, FTA,
Jessica Wilcox, NHDES
