Notice of Comment Period and Public Hearing 2021-2024 Transportation Improvement Program & 2045 Long Range Transportation Plan (Update)

The Rockingham Planning Commission (RPC) announces its intent to adopt two documents:

- The 2021-2024 Transportation Improvement Program (TIP). This document is developed by RPC, regional transit agencies, and NH Department of Transportation and includes a prioritized list of transportation projects to be implemented over the next four years
- The Amended 2045 Metropolitan Transportation Plan (Plan). The Plan is a document developed by the RPC that includes a set of transportation projects that can reasonably be expected to be constructed within the region over the next 20+ years.

A 30-day public comment period for the TIP and Plan documents begins Monday, February 8, 2021 and concludes on Tuesday March 9, 2021. A public hearing to solicit public comment is scheduled for **Wednesday, March 10, 2021**, and will be held virtually via the Zoom video conferencing system beginning at **7:00 PM**. The link will be available on the RPC website prior to the meeting and the Planning Commission will meet after the public hearing to adopt the documents.

Consistent with the RPC's Public Participation Process, this notice and comment period is also intended to meet FTA requirements for public comment on the programs of transit projects put forward by NHDOT, UNH and the COAST and CART transit systems.

Copies of the TIP and Plan, will be available the offices of the Rockingham Planning Commission, on the RPC website at <http://www.therpc.org>, and will be sent to interested parties by request. Comments on the draft TIP and Plan can be submitted via the MPO's public involvement site located at <https://www.publicinput.com/2021TIP>. Alternatively, mailed and e-mailed comments will also be accepted through March 9, 2021 until 4:00 PM and may be addressed to:
