

Rockingham Planning Commission
Notice of Comment Period and Public Hearing
2025-2028 Transportation Improvement Program
&
2050 Long Range Transportation Plan

The Rockingham Planning Commission (RPC) announces its intent to adopt two documents:

- The 2025-2028 Transportation Improvement Program (TIP). This document is developed by RPC, regional transit agencies, and NH Department of Transportation and includes a prioritized list of transportation projects to be implemented over the next four years
- The 2050 Long Range Transportation Plan (Metropolitan Transportation Plan). The Plan is a document developed by the RPC that includes a set of transportation projects that can reasonably be expected to be constructed within the region over the next 20+ years.

A 30-day public comment period for the TIP and Plan documents begins Friday, February 7, 2025 and concludes on Monday March 10, 2025. A public hearing to solicit public comment is scheduled for **Wednesday, March 12, 2025**, and will be held at the Stratham Town Offices (10 Bunker Hill Avenue) beginning at 6:00 PM. A virtual participation option may be available and the link will be posted on the RPC website prior to the meeting and the Planning Commission will meet after the public hearing to adopt the documents.

Consistent with the RPC's Public Participation Process, this notice and comment period is also intended to meet FTA requirements for public comment on the programs of transit projects put forward by NHDOT, UNH and the COAST and CART transit systems.

Copies of the TIP and Plan, will be available the offices of the Rockingham Planning Commission, on the RPC website at <http://www.therpc.org>, and will be sent to interested parties by request. Comments on the draft TIP and Plan can be submitted via the MPO's public involvement site located at <https://www.publicinput.com/RPC2025TIP>. Alternatively, mailed and e-mailed comments will also be accepted through March 10, 2025 until 4:00 PM and may be addressed to:
